(\*): depending on the  
usage and the learner's  
profile.

Fictis Prévention offers an  
e-learning solution tailored  
to your employees who have  
to perform non-electrical  
operations in an electrical  
environment.

## Audience

This e-learning module is intended for the personnel performing non-electrical works within the vicinity of exposed live parts or near electrical structures.

## Objectives of the training

- Preparing the B0/H0/H0V certifications in compliance with the N F C 18-510 French norm, approved on December 21, 2011.
- Safely carrying out non-electrical work.

Conduite à tenir en cas d'accident sur une installation électrique  
Conducteur tombé à terre étendu sur véhicule

Cas d'un véhicule en contact avec un conducteur nu

Zones à risques électriques  
Définition des zones d'aménagement

Zones d'environnement à proximité de canalisations isolées

## Usage

---

The theoretical track offers a flexible and complete tool ahead of the practical training.

Train your learners via:

- the e-learning platform supplied by Fictis Prévention;
- your e-learning platform.

## Customisation of the module

---

This module can be customised in both substance and form.

We can integrate:

- your instructions;
- your graphical charter.

## Related products

---
